

Arizona State University Police Department Hiring Announcement for Police Dispatchers

The ASU Police Communications Center is the Public Safety Answer Point (PSAP) for a university system that serves over 70,000 students, staff and faculty and covers 1,622 acres spread over four campuses in the Phoenix metropolitan area. Our technologically advanced Center is equipped with a Positron 911 CTI phone system (Phase II Wireless 9-1-1 implemented) and a New World Systems Computer Aided Dispatch (CAD) system that includes detailed mapping and AVL technology. The department employs 156 full-time police professionals, including 13 dispatchers.

A new 40,000 sq. ft. police facility that will house a state-of-the-art police communications center is scheduled to begin construction in January, 2007, on the Tempe Campus.

Starting Salary: \$32,000 a year

Benefits include **tuition waivers for employee, spouse, and dependent children**, state retirement, insurance plans (medical, dental, vision, short and long term disability, supplemental life) and free dial up internet access from home.

To apply submit a cover letter and a resume to:
